Find Our Way Home

Subrosa Union

One day we'll find
all the keys to obtain life
door is open,
still I hide
Support these dreams,
support my mind
Am I guilty?
Do you see through me?
Am I empty?
Can you forget me?

[Chorus]
One day we'll find our way,
walking slowly down the road
We're born young and we'll die old
One day we'll find our way home
One day we'll find our way,
walking slowly down the road
We'll die young and we're born old
One day we'll find our way home

Like you I cried
behind walls when loved ones died
Time had past
and still I tried
Support these dreams,
support my mind
And it kills me
That you see through me
Are we empty?
Will you forget me?

Chorus
