What Happens In De Party

Rupee

[Chorus 1]What happens in de party
Stays in de party
What happens in de party
Stays in de party
So anything that you see
Stays in de party
pleased don't go and tell nobody
[Verse 1]It's time to get down and let yourself go
Do what you want nobody will know
Your secret is safe with me
I'm beggin all you who are new to dis
Please don't mind nobody bizniss
Dont talk about what you see
[Pre-chorus]Festival is our time
To get on and unwind
And do the things that we
Would not do normally
People wid drinks in hand
Some winin fine like sand
Make sure you understand
That you can tell noone
[Chorus 2]What happens in de party
Stays in de party
What happens in de party
Stays in dis party
So if you see sharon wine with stevie
It stays in de party

Even though she married
Leave it in de party
[Verse 2]If people ask what went on in dis fete
Act like you dumb and say you forget
I've got a case of amnesia
Especially when kim find paul wid yvette
And licks share fast like high speed internet
Not me boy!!!
I don't remember
[Pre-chorus][Chorus 3]What happens in de party
Stays in de party

What happens in de party
Stays in de party
See me wid de brewsters road crew posse
Stays in de party
Gettin on wild and wassy
Even in de party
What happens in tnt
Stays in tnt
What happens in nyc
Stays in nyc
What happens in miami
Stays in miami
What happens in tdot
Stays in tdot
[Pre-chorus][Chorus 1 3x]
