

# Please Don't Let Our Good Thing End

Z.Z. Hill

Honey I love ya  
You know I really do  
And I don't want nothin'  
    No nothin' bad  
To come between me and you  
    Now too many love affairs  
        That's gone wrong  
    Don't let our love get weak  
Honey, let's keep it always strong

Chorus  
    Please don't  
    Let our good thing end  
    'Cause it hurts too bad  
    To start all over again  
    Please don't  
    Let our good thing end  
    Let's keep on and on  
        Let's keep it strong  
    Like it's always been

Honey I need ya  
    And that's no lie  
    I just want to please ya  
    Oh, baby, and never make you cry  
Our love really breaking up? (not sure about this line on lyrics)  
    That's been together a long long time  
        But the both of us  
        Oh, the both of us  
        Is doing just fine

Chorus
