

# Gacy's Lot

## Macabre

(John Wayne Gacy)  
I saw him on channel two.  
An exclusive interview.  
Discussing what the police unveiled.  
In his house on Summerdale.  
The police unveiled a gruesome find; the product of John Gacy's =  
crimes.  
They found a lot of dead boys in the plots left to rot on Gacy's =  
lot.  
So they dug up the lot and tore down the house to look for the boys =  
that were buried about.  
Twenty eight boys were found on the lot filling his living =  
conditions with rot.  
Who wants to buy Gacy's lot where he quicklived the boys and left =  
them to rot?  
Nobody wants Gacy's lot where he planted the boys in their lime =  
filled plots.  
Who wants to buy Gacy's lot where he strangled the boys with a =  
tourniquet knot?  
Somebody bought Gacy's lot and built on the spot where John left =  
them to rot.  
Then up for sale went the lot.  
Where Gacy concealed dead boys he caught.  
Who would partake in the morbid sale?  
Of Gacy's lot on Summerdale.  
It must have been quite a buy to build a house where many died.  
Thirty three boys were Gacy's toys and on his lot they were =  
destroyed.  
Most of the boys were stashed on the lot with a quicklime cover over =  
their plots.  
Someone built on the lot where John killed and kept the boys he got.  
Who wants to buy Gacy's lot where he quicklived the boys and left =  
them to rot?  
Nobody wants Gacy's lot where he planted the boys in their lime =  
filled plots.  
Who wants to buy Gacy's lot where he strangled the boys with a =  
tourniquet knot?  
Somebody bought Gacy's lot and built on the spot where John left =  
them to rot.
