Osibisa

It's like this
I'm up here actin' real smooth
I'm like an old school rocker
And I'm rappin' away
Yeah, I'm all in your face
And it won't stop
Because it just sounds cool to say it
And play it
And I go on and live my life and hide awayChorus:
From you and you or me
Or whoever wants to believe
What I am singin' and
No, I don't wanna be this way
Or see this way
Or believe in my intention to be coolIt goes on
I'm up here actin' real smooth
I could be playin'
Could be makin' time to take myself below it
And show it, you know
It won'r stop
Until I'm livin' by the truth I'm speakin'
I'm takin' too much time to lay back
I stay back and hide away[Repeat Chorus]You wanna be a big star
You wanna be inside it
I want to run away
I want to run away
