Evening Train

Van Morrison

Love to hear that evening train go by
Love to hear that evening train go by
Especially when my baby's in my mindLove to hear that lonesome whistle blow
Love to hear that lonesome whistle blow
When I make my way on down the roadMy my, bye bye
Don't cry, don't sigh
When you hear that evening train go by, alrightLove to hear that evening train on time
Love to hear that evening train on time
Especially when there's worries are on my mindMy my, don't cry
Why why, don't sigh
When you hear that evening train go by, alrightLove to see those fields I used to roam
Love to see those fields I used to roam
Then I know I'm on my way back homeMy my, goodbye
Don't cry, don't sigh
When you hear that evening train go byOne more timeWhen you hear that evening train go by
