Brother

Kwabs

Say what, son of mine
Little thing you deny
Say what, son of mine
Anything you decide
I won't try to hold you
I'm not trying to own you
I'm just trying to know you
()
Better the man that you know
Better the one you can trust
And better the brother who loves you
()
Got stolen off the way until it breaks you
All the things you deny
Can't hide yourself away
And know it'll shift you to the core
All the things on your mind
You won't say I need to
I'm not here to preach to you
I've been trying to reach you
All their light
()
Better the man that you know
Better the one you can trust
And better the brother who loves you
(Interlude x2)
You can hide yourself away until it breaks you
You can hide yourself away
You can hide yourself away and know it'll shift you to the core
()
You can hide yourself away
Against all and on the way, yeah
You can hide yourself away
