Summer Holiday

Chris Isaak

Chris Isaak
Summer HolidayI was standing all alone
wondering what went wrong
with the love that seemed so strong
that summer holiday
that holiday
they were closing down the rides
all the people had gone inside
I stood out there and cried
that summer holiday
that holidayand I wonder
do you ever ever ever think of me
the way it used to beand I wonder do you ever ever ever miss me too
the way that I miss you
on that summer holiday we knew
that holiday with youla la la la la la la la la laon that summer holiday
and I wonder do you ever ever ever think of me
the way it used to be
and I wonder do you ever ever ever love me too
the way that I loved youon that summer holiday we knew
that holiday with youla la la la la la la la la la la la la la la la laon that summer holiday with you
that holidayoooohoooh
