Champion

Caitlyn Bailey

I don't even care no more
That's my word, that's for sure
I don't even cry no more
That's absurd, I'm so cured
I'm so secure with who I is, oops, who I am
And I'm a champion for sure boy
I'm a champ, oh yes, I am
But what I thought about
When those people put me down
They can laugh for now
But watch it when I turn this thing around
I know, I believe
Ain't nobody gonna do it but me
I'm fly, no lie
I'm the truth baby, ask me why
I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
A champion
What you say don't stick
I'm the best and I know it
I know you tried to bring me down
Look at me now, watch my smile
I'm so secure with who I am
And I'm a champion for sure
I'm a champ oh yes, I am

But what I thought about
When those people put me down
They can laugh for now
But watch it when I turn this thing around
I know, I believe
Ain't nobody gonna do it but me
I'm fly, no lie
I'm the truth baby, ask me why

I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
A champion
Keep your head up
They hatin' cause you majored in minor
Gonna celebrate like you won the finals
Hold your trophy up in your parade in your honor
And pour some champagne and put your glass to the sky
'Cause you a champion, you're a champion
I'm a champion, I'm a champion
A champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
I'm a champion, I'm a champion
Champion
