Spring Break

Dj Mystery

so we're off, off on a holiday
got a week, gonna tweak, make it a-o-k
with this girl, it was heart and soul
but I couldn't get her station cause my song was oldit was wack, take it back
no I'm never gonna do that
take it back, no I'm never going through that
never ever gonna feel that way againI can see your reflection and then it's gone
SPRING BREAK, wait until, wait until
I can see your reflection and then it's gone
SPRING BREAK, wait until, wait untilwell she went Baywatch for a sand jock
with a nice stand and a fake tan
well if I was Braveheart than I'd get ill dude
but I'm not hard, I'm not Ice Cubeit was wack, take it back
no I'm never gonna do that
take it back, no I'm never going through that
never ever gonna feel that way againI can see your reflection and then it's gone
SPRING BREAK, wait until, wait until
I can see your reflection and then it's gone
SPRING BREAK, wait until, wait untilwait until, wait until, thenI can see your reflection and then it's gone
SPRING BREAK, wait until, wait until
I can see your reflection and then it's gone
SPRING BREAK, wait until, wait until
and when I see your reflection
SPRING BREAK, wait until, wait until
and when I see your reflection
SPRING BREAK, wait until, wait until then
