Sleepy Eyes

Chip Taylor

And he's drunk from his dreaming
and he dreams you, just once in a while

You had no Miami...this winter
to make you smile

And you took him for better
or worse then you dream could be

And if there's no rainbow
or storybook in things
you still see what you wanna see

One day his white horse will ride
down your trail, sleepy eyes

And beg you and keep you and wake you
and dream you, forever, sleepy eyes

Some kinds are better, just ain't
worth the dreams that you see

And if there's no rainbow
there must be a rainbow
for you and for me

One day his white horse will ride
down your trail, sleepy eyes

And beg you and keep you and wake you
and dream you forever, sleepy eyes

And if there's no rainbow
there must be a rainbow
for you and for me

One day his white horse will ride
down your trail, sleepy eyes

And take you and keep you and

wake you and dream you forever
sleepy eyes.....
