

Made Up Mind

Tedeschi Trucks Band

Made Up Mind Tedeschi Trucks Band (Intro 4) I know you wish that you could see in my window
Wishing you could pull up the blinds
And I'm wearing my robe made of flowers
Just me and my made up mind
I know you like to walk in my garden
And pull yourself up a big bouquet
You can smell the magnolias but it's just like I told you, I'm in a higher place Chorus (8) I've got a made up
mind
I've got a made up mind
If you're thinking I might break down in time
You're gonna find (pause 4 beats)
I've got a made up mind
(4)
Well you might have seen me out in the country
But you lost me at the crossroad sign
Yeah that was the old me, Now you can't hold me
All cause of this made up mind
Now you can look for me up in the basement
You can look down in the Milky Way
Or holler my name and I won't hear you, Cause I'm in a higher place CHORUS
Lead Break (8, 7, Sing Bridge) I'm going higher
I'm not afraid
Licking my finger, Turning the page (4)
(sung more like verse)
Oh I got a made up mind, It's made up all the time
Sure as the moon and the stars gonna rise, I've got a made up mind Oh, I've got a made up mind
Lord it's a made up mind
I've got a made up mind oh Lord
Oh Lord
Oh now this talk is over
And my mind is made up
I've got it made up, Oh.....
