Down Low

Shaun Labelle

[Chorus]
I said I like the way she take it down low
she put her hands on her knees and grind slow
she say she workin but she get off â€™round 4
I let her hit the weed, baby let yo mind go
[Chorus - Tyga]
down low down low

I like it when she take it down low, down low

[Chorus]

she put her hands on her knees and grind slow
she say she workin but she get off â€™round 4

I let her hit the weed, baby let yo mind go

[Chorus - Tyga]

I like it when she take it down low, down low
real strippers only do it down low, down low
baby take it off down low, down low

one night like in Vegas, I make that b-tch look famous
uh, so let yo hair down, ready to roll
pick you up around 4, and yo n-gga aint gotta know

let me get that magnum on that hoe
Ima call her what she want, thats my side b-tch

Ima a Last King, put my jewels on yo face

[Chorus]
I said I like the way she take it down low
she put her hands on her knees and grind slow
she say she workin but she get off â€™round 4
I let her hit the weed, baby let yo mind go

[Chorus - Tyga]
down low down low

I like it when she take it down low, down low
real stripper only do it down low, down low
baby take it off down low, down low
then drop it to the floâ€™

girl you lookinâ€™ good
I love the way movinâ€™
bend it over hit the floâ€™ and put your back into it
it go left cheek, right cheek Ooh thats hot she do it

I asked her what her name?
she said â€œboy I though you knew itâ€•
well it mustâ€™ve slipped mind
but you look willing and able

and you look like a stallion Ima add you to my stable
she take it to the floâ€™ she aint coming up for air
â€™cause she like it down low while she shakes her derrier

I said I like it when she droppinâ€™ it low
I told her hit me up as soon as sheâ€™s ready to go
then she said around 4, baby just let me know
you keep on starinâ€™ at me like yo ass is ready to go
lets go shit, but that aint it, no
that aint all, as soon as she hit the crib
1st thing she did was drop her drawls
and yea she very pretty, met her at magic city

[Chorus]
I said I like the way she take it down low
she put her hands on her knees and grind slow
she say she workin but she get off â€™round 4
I let her hit the weed, baby let yo mind go

[Chorus - Tyga]
down low down low
I like it when she take it down low, down low
real stripper only do it down low, down low

baby take it off down low, down low
then drop it to the floâ€™
