Andrea

City Sleeps

You make me wanna die
If looks could kill then you'd be a murderer
Dying in the hills of Hollywood
I found out that you got lost with herDon't call me here one more time
The night is closin' inAndrea you came and stole my girl
With just a kiss
Are you gonna save her from the world?
But you kissed her lipsLiving my days in the future
You came in and had a baby
Entertain in this sensation
Andrea you took my girl from meDon't call me here one more time
The night is closin' inAndrea you came and stole my girl
With just a kiss
Are you gonna save her from the world?
But you kissed her lipsAndrea you come on like a machine
Andrea the night is closin' in
Don't you know what I mean?If looks could kill you'd be a murderer
If looks could kill you'd be a murdererDon't call me here one more time
The night is closin' inAndrea you came and stole my girl
With just a kiss
Are you gonna save her from the world?
Are you gonna save her from the world?Andrea you come on like a machine
Andrea the night is closin' in
Don't you know what I mean?
