

# Light Up (freestyle)

## Ace Hood

[Intro - Ace Hood]Well alright

(Statement)

There's only one way to go from here

And that's up

(Mister Hood)

Amen

[Ace Hood]Okay, me and them schemes got my past life jealous

Niggas doing crime but I'm into making cheddar

Promise to my mama you will never send me letters

Or threw me through them bars with them murderers and killers

Addicted to the women, but she like to call them hoes

With them fine high heels and them super fitted clothes

Fascinated by the dough, I graduated on

Just my salary alone I can get a bank a loan

With them six figure checks that just pop up at my home

Got me flying around the world, Louis V. carry on

And what do I do? Blow a couple on a shone

Brag about it on the phone to my niggas back at home

Got my mama in my ear saying "Leave the women alone"

They don't mean you no good, they just know to buy your song

But that's another note, I just thought I'd let them know

Mister Chili-Pepper-Flow, sick as AIDS in the throat

Man you niggas for the show, call them Doctor Huxtable

This 'The Statement', I swear you rappers sign at the dope

Mister 9-5-4, blow a nigga team's smoke

Who going to kill them in the end before the credits even wrote?

This a movie, niggas playing groupies

Jumping on your dick when they see you in the two seat

Claiming that he hot, but you rappers never move me

Like them to the action not the motherfucking movie

Boo he, puue, nigga I'm the shit man

Bad bladder so I only wear shit bag

Yeah, so name another nigga this dope

If it is, probably turn him into white coke

Big money, bitch nigga I repute broke

Light slow and I swear I let them all know

I'm at your front door

Light it up if you know you got the good smoke

[Drake]

Who would have thought  
I'd be caught, in this life?  
Let's celebrate, with a toast  
And get lost, in tonight  
And make it all light up  
Wait until the sun goes down  
We going to make this bitch light up  
Even when the sun goes down  
I'm going to make this go
