I guess, I'll have you wait till I hear back from you
I guess, I'll have to wait until I get your point of view
If I could stop these thoughts are messing 'round with me
It might not be so hard for me to stayDon't keep me in the picture
It's not about you
Don't keep me in the picture
What have I got to lose?Don't keep me in the picture
It's not about you
Gonna try and break away
What have I got to lose?Nothing's making sense and I feel so confused
Days keep rushing by until I lose contact with you
I know, I can't pretend that I'm okay alone
It might not be so hard for me to stayDon't keep me in the picture
It's not about you
Don't keep me in the picture
What have I got to lose?Don't keep me in the picture
It's not about you
Gonna try and break away
What have I got to lose?Stop thinking about it when you get home
And in a little while you will have to know the truth
The pattern is changingWhat have I got to lose?
What have I got to lose?
What have I got to lose?
What have I got to lose?
