# Undone

## Artemis

it's alright to come undone it's ok to come undone
aiming high and dangerous spinning out into the sun
it's all beautiful to me now your wings are glowing
it's all beautiful to me i can feel you

all i have to give is a heart full of love
all i have to give everything under the stars
all i have to give only borrowed from above
all i have to give

it's alright to come undone it's ok to come undone
just a child of icarus flying straight into the sun
it's all beautiful to me now your wings are burning
it's all beautiful to me i can feel you

i want to thank you
(i believe in the radiant angel in the sky)
i want to thank you
(laughing from the clouds watching over laughing from the clouds)

it's alright
it's all beautiful to me

there's a place for us
peace and quiet and open air
it's alright

it's all beautiful to me now your wings are burning
it's all beautiful to me i can feel you

i want to thank you
(i believe in the radiant angel in the sky)
i want to thank you
(laughing from the clouds watching over laughing from the clouds

all i have to give
