Get Yourself Together

DJ Ramza

[Hook:]
Get yourself, get yourself together now
Go get yourself, get yourself together now
Get yourself, get yourself together now
Go get yourself, get yourself together now[Verse 1:]
Girl, he did you wrong
Now you're all alone, all alone
Tellin' all our friends
That you never saw it comin' on
Everyone could see
What a creep, what a creep he was
How could you believe
All his cheap talk? That's dangerous[Chorus:]
Eye for an eye for every lie
He ever told ya (He ever told ya)
Go make it right for every time
He never called ya (He never called ya)
Don't you know you got it all,
And you deserve it all (Yeah)[Hook:]
Get yourself, get yourself together now
Go get yourself, get yourself together now
Get yourself, get yourself together now
Go get yourself, get yourself together now[Verse 2:]
Girl he's such a fake, little snake
What'd ya think he was
Don't ya hear the hiss in his kiss
Girl, he's poisonous
Everyone could see
What a fool, what a fool he was
You were wrecked and weak
So intrigued. That's ridiculous[Chorus:]
Eye for an eye for every lie
He ever told ya (He ever told ya)
Go make it right for every time
He never called ya (He never called ya)
Don't you know you got it all,
And you deserve it all (Yeah)[Hook:]
Get yourself, get yourself together now
Go get yourself, get yourself together now

Get yourself, get yourself together now
Go get yourself, get yourself together now[Bridge:]
You Dirty, Dirty, Dirty little Liar!
You Dirty, Dirty, Dirty little...
You Dirty, Dirty, Dirty little...
You Dirty, Dirty, Dirty little...
Oh, No good, Star taking, Heart breaking, Bottomfeeder, Oh[Chorus:]
Eye for an eye for every lie
(He ever told ya)
Go make it right for every time
(He never called ya)
Don't you know you got it all,
And you deserve it all (Yeah)Eye for an eye for every lie
He ever told ya (He ever told ya)
Go make it right for every time
He never called ya (He never called ya)
Don't you know you got it all,
And you deserve it all (Yeah)[Hook:]
Get yourself, get yourself together now
Go get yourself, get yourself together now
Get yourself, get yourself together now
Go get yourself, get yourself together now
[Repeat till fade]
