The mistakes that I made in my life made me strong  
Made me right, never wrong, keeps me writing my songs  
'Cause I know, you my girl 'cause of you here comes me  
Out your wound, duplicate just like you makes me sickJust in time, you my girl, you my angel, my world  
Shining down at my life, got my back, don't think twice  
When in need of your help if I'm wrong, got your belt  
But only you Uesirah had respect for your jobAnd your heart and your soul and your house and your goal  
To your friends and your kins even sick didn't quit  
What's the thanks that you get for the time that you spent  
Raising kids, paying bills, talking shit, paying rentBut I'm gon' shine for you girl, make you smile at me girl  
Smile so bright like the sun, for your girls and your son  
You my moms, I love you, I thank you for having me  
Even gone, you live on, live through me, make 'em seeYou're my girl, when no one was there for me  
You're my girl, when nobody cared for me  
You're my girl, and no one can take that away from me  
You're my girl, and even though you're goneYou're my girl, through me you still live on  
You're my girl, you taught me how to be strong  
You're my girlCalling up on the phone, just to talk, hear my voice  
Talk so much, just like me, I talk you all night, have no choice  
Telling jokes 'bout the kids, how they bad things we did  
When I was young, having fun, me and y'all pulling stunNigawauna having fights, cuss us out, hit the lights  
Had it all, thanks to you, extra strong, thanks to you  
Take it all, thanks to you, standing tall, thanks to you  
Glad I was picked for you, you my girl and it's trueI was mad when you left, didn't get a chance to see you go  
Now you back, platinum strong, live through me make 'em know

You my girl favorite girl, live through me make 'em seeYou're my girl, when no one was there for me
