

# Raccoon Eyes

## Priestess

When I chose my role  
In the forest of my soul  
I would be the mountain  
I would erodeAnd I'd block out the sun  
Get the water in the river to run  
And you could climbA mountain on which the face that you know  
Eroded faster  
You made it to catch the avalanche  
That erased itWhen I spill my bile  
In the valley of all time  
The forest feels my fire  
Fountain for milesAnd I'll reshape the earth  
Or the cause of my birth  
And the future's mineA mountain on which the face that you know  
Eroded faster  
You made it to catch the avalanche  
That erased itA mountain on which the face that you know  
Eroded faster  
You made it to catch the avalanche  
That erased it, oh yeahA mountain on which the face that you know  
Eroded faster  
You made it to catch the avalanche  
That erased it, oh yeah
