

The Greatest Actor Alive... (Enters Stage Right)

He Is Legend

Just as light pours in the room
I saw it once, it disappeared and so did you
The morning after I will kiss your ghost
and let go "I felt safe"
And she's been singing out of tune
Just then I'm "Flying to the Moon"
I don't know where, I don't know when but
someone's gonna give me in It's my first time writing you
I pray that you can understand me
Hallelujah
The Mourning after I'm stuck in your throat
so let go "I felt safe"
And she's been singing out of tune
Just then I'm "Flying to the Moon"
I don't know where, I don't know when but
someone's gonna give, give me in Give me in [x4] I left my mouth wide open
It reminds me of you choking
I never saw the horses when they lined beside your bed
I never saw the officers but heard what they said You know, I can't seem to breathe when you're here
