Let's Get Together

H.P. Lovecraft

Love is but the song we sing
It is the way we die
You can make the mountains ring
Make the angels cry
Now the dove is on the wing
You need not know whyCome on people, now
Let's get together
Smile on your brother
Try and love one another right now, yeahSome may come and some may go now
We will surely pass
When the one that left us here, yeah
Returns for us at last
We are but a moment's sunlight
Fading on the grassCome on people, now
Let's get together
Smile on your brother
Try and love one another right now, yeahLove is but the song we sing
It is the way we die
You can make the mountains ring
Make the angels cry
Now the dove is on the wing
You need not know whyCome on people, now
Let's get together
Smile on your brother
Try and love one another right now, yeahCome on people, now
Let's get together
Smile on your brother
Try and love one another right now, yeahCome on people, now
Let's get together
Smile on your brother
Try and love one another right now, yeah
