Brain-Dead

Thomston

You were the stones in my riverbed
Why are you acting so inanimate?
I'm moving too fast to carry ya
To carry usBefore you made yourself hard to catch
You made a home in my helping hand
Used to tell me everything, everythingAnd there's no fail-safe
You could hold my heart in your hands till it stops
You could go anywhere and I'd trail along
Used to be so sharp, but now you're just dull
Used to cut so good, used to tell me what you should
Can't keep breathing for you, so tell me that you care
Are you going braindead
Coz you're already half way there?
I'm not tryna fix you but I'm scared of where this ends
Are you going braindead
Coz you're already half way there?I was your prayer in the past-tense
The only one that would understand
Why did you go lock me out then
Lock me out then?Even when I'm passive you still resist
I'm thinking that it's a time I was a realist
You were so grand in your silence,
So empty in your absence
And there's no fail-safe
You could hold my heart in your hands till it stops
You could go anywhere and I'd trail along
Used to be so sharp, but now you're just dull
Used to cut so good, used to tell me what you shouldCan't keep breathing for you, so tell me that you care
Are you going braindead
Coz you're already half way there?
I'm not tryna fix you but I'm scared of where this ends
Are you going braindead
Coz you're already half way there?When you stopped responding
Shoulda cut my losses
Instead I held on hoping
You'd wake up
What a fool I wasCan't keep breathing for you, so tell me that you care
Are you going braindead
Coz you're already half way there?
I'm not tryna fix you but I'm scared of where this ends

Are you going braindead
Coz you're already half way there?
