The Show Is Free

Doc Walker

I'm gonna live forever, just wait and see
I'll turn into leather from the sun on me
So stick around my fair weather friends the show is free
I'll be on some highway until I fallAnd I'm gonna do things my way or not at all
You can see it or you can dream it, that's your call
I won't let this small town be the life for me
When there's so much more out there I haven't seenNow, I'm on my way, radio playing, beautiful day
Where I lay my head is where I'm meant to be
Yesterday is out of sight, I don't know where I'll sleep tonight
It's a great big world out there and its all for me and the show is freeI'm not trying to sell you on anything
I'm just trying to tell you what I see
Take a look around my friend, the show is freeNow, I'm on my way, radio playing, beautiful day
Where I lay my head is where I'm meant to be
Yesterday is out of sight, I don't know where I'll sleep tonight
It's a great big world out there and its all for me and the show is freeNow, I'm on my way, radio playing, beautiful day
Where I lay my head is where I'm meant to be
Yesterday is out of sight, I don't know where I'll sleep tonight
It's a great big world out there and its all for me and the show is free
The show is free, the show is free, the show is free
