

Long Hot Summer

Keith Urban

I can't sleep, ain't no sleep a'coming
I'm just lying here thinking 'bout you
I'm in deep, falling deep into the picture
In my mind of everything we're gonna do
Over at the lake and down by the river
You can feel it start to rise
Wanna jump in my car, go wherever you are
'Cause I need you by my side [Chorus]
It's gonna be a long, hot summer, we should be together
With your feet up on the dashboard now
Singing along with the radio, it's such a beautiful sound
But when you say my name in the middle of the day,
I swear I see the stars come out
When you hold my hand in the back of my mind,
Just waiting on the sun to go down, the sun to go down
I wanna see your brown skin shimmer in the sun for the
first time
I try to be the one who knows just what to do to you to get me that smile
One chance of meeting, you were walking by me on the street and I said hi
And that was the beginning of my heart spinnin' like these wheels in my head tonight [Chorus]
The only place
that I wanna be is where you are
'Cause anymore than a heartbeat away is just too far
It's gonna be a long, hot summer, we should be together
All I really want is more than this moment right now
'Cause when you say my name in the middle of the day,
I swear I see the stars come out
And when you hold my hand and I look into your eyes
Oh I swear it looks like you're waiting on the sun to go down, the sun to go down
I swear it's like you're waiting
on the sun to go down
Waiting on the sun to go down
Hey, yeah oh, I'm loving thinking 'bout you
I can't sleep, I'm just lying here thinkin' 'bout you
