Don't Tell Miss Fenley

Bracket

Poison apple sits on her desk
I'm hanging on every word she saysDon't tell miss Fenley I've been bad
Don't tell miss Fenley I've been badHer head falls down onto her desk
She's hanging on to her last breathDon't tell miss Fenley I've been bad
Don't tell miss Fenley I've been badNext time she'll find. Next time she'll mind.
Next time she'll find. Next time she's mine.Don't tell miss Fenley I've been bad
Don't tell miss Fenley I've been bad
