# Cat Squirrel

## John Schooley

Well I?m goin, Yes I?m goin?
Baby don?t you want to go?
Well I?m leavin? in the mornin?
And won?t be back
And I won?t be back
Won?t be back
Won?t be back

Lord I went down
Went to the church house
Girl, they taught me to pray
On my knees I went
And not a word, not a word
Sure enough not a word

Lord my baby, she got wind
And she came down, and caught that dance
She done caught that dance
Caught that dance
She done caught that dance
