Coming Out

Ryan Lill

Palms sweaty
feet on the ground
everybody's just standing there
waiting for the sound but
you can't let the words slip
out of your mouth it will
change everything

Jeans tight
and your hands by your side
and you're shaking, trembling,
wondering what they're thinking
But you promised yourself days ago
that you've got to get it out before you overflow
and this life will be better if they know
they can take it, leave it, but I've got to let it go

Cause I can't change,
not going to wait,
this is not a choice you make.
You hear them say
yoo've made a mistake
that's a price you'll have to pay.
I'm coming coming coming coming
coming out.
I'm coming coming coming coming
coming out.

It's funny how one word can change your life in a day.
Slack jawed, skin feels tight
rolling on the high
no fear to fight it
now everyone can know.
If I don't tell you how I feel
its gonna overflow
yeah.

Cause I can't change,
not going to wait,
this is not a choice you make.

You hear them say
yoo've made a mistake
that's a price you'll have to pay.
I'm coming coming coming coming
coming out.
I'm coming coming coming coming
coming out.
