The Wolves

Phat Tunes

Ooh oh oh oh ooh oh oh oh
Ooh oh oh oh ooh oh oh oh
Ooh oh oh oh ooh oh oh oh
Ooh oh oh oh ooh oh oh oh
Falling from high places
Falling through low spaces
Now that we're lonely
Now that there's nowhere to go
Watching from both sides
These clock towers burning up
I lost my time here oh
I lost my patience with it all
We lost faith in the arms of love
Oh where you been hiding lately
Where you been from the news
(Oh hiding lately, hiding from the news)
Cause we've been fighting lately
Oh we've been fighting with the wolves
(Oh fighting lately, fighting with the wolves)
Oooh with the wolves
Oooh with the wolves
Red tongues and hands
Oh Falling from high places
Falling through low spaces
Now that we're lonely

Now that we're so far from home
Watching from both sides
These towers been tumbling down
I've lost my mind here oh
I've lost my patience with the Lord
Oh with the Lord
We lost faith in the arms of love
Oh love love love
Oh where you been hiding lately
Where you been from the news
(Oh hiding lately, hiding from the news)
Cause we've been fighting lately
Oh we've been fighting with the wolves

(Oh fighting lately, fighting with the wolves)
Oooh with the wolves
(Ooh oh oh oh ooh oh oh oh)
Oooh with the wolves
(Ooh oh oh oh ooh oh oh oh)
Red tongues and hands
Red tongues and hands
Ooh oh oh oh ooh oh oh oh
Ooh oh oh oh ooh oh oh oh
Ooh oh oh oh ooh oh oh oh
Ooh oh oh oh ooh oh oh oh
We lost faith in the arms of love
