I Really Wanted You (7" single version)

Pansy Division

I heard you're getting married
It seemed inevitable to me
Cause I was with you the night you met her
She had you hooked instantly
At the very first I thought it wouldn't last too long
Pretty soon I realized my estimate was wrong
Well I guess it's kinda late now
To say what you already knew
I really wanted you
I know itÂ´s jealous reaction
But after all that time we spent
She just picked you up and carried you off
I couldnÂ´t follow where you went
I'm well aware that certain things just cannot be
But donÂ´t deny that there were other possibilities
On the hottest night of the summer
On a sticky, steamy street
I was glowing like the sunset
I knew how happy we could really be
Your suntanned body stretched out on the carpet
In front of me
I know as long as live I'll never lose that memory
Well I guess I shouldn't say no more
You can do what you want to do
I just had to say, I really wanted you
