Play With Me

Population 1

Life is never what you think
Give a sentimental wink
There ya go you don't know what's in store
But you felt it beforeHey, I'm warmin' up to your insides
I don't worry 'cause I got no ties
Not a guy, not a girl
Not a thing, not a thing in this worldCome on out, come on out
Come on out and play with me
Come on out, come on out
Come on out and play with meHey baby, did ya ever feel like being crazy?
The borderlines are getting hazy
Rules are what we forgot you're a blaze
Leave them reeling for daysCome on out, come on out
Come on out and play with me
Come on out, come on out
Come on out and play with meWe'll have lots of fun let out emotions run
Nothing tonight is gonna get us down
We'll have lots of thunder let our emotions run
They go round and round and round, round, round, roundCome on out, come on out
Come on out and play with me
Come on out, come on out
Come on out and play with meCome on out and play with me
Come on out, come on out
Come on out and play with meTake me down and play with me
