OK OK

Juliana Hatfield

Why you asking?
That's the last thing
Untrusted, not bustedWhat? What? What? What?
What? What? What? What?What a cheap shot, I did not
Just believe it, just leave itShut up, shut up, shut up
Shut up, shut upOk, ok, whatever you say
Ok, ok, I did it but I didn't
Ok, ok, don't make me get crazy
Ok, ok, ok, ok, ok, okForget it, regret it
Imagining not the real thingI love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love you
I love you, I love you, I love you, I love youOk, ok, whatever you say
Ok, ok, I did it but I didn't
Ok, ok, don't make me get crazy
Ok, ok, ok, ok, ok, ok
Ok, ok, ok, ok, ok
