No Rules

VACATIONER

No time to waste
Get out of the way
Don't be afraid
Get ready to payNothing can stop us now
We're tearing up this town
Try saying no
We'll bring you downOh! Can't stop me from living (dreaming)
There is (just) no right or wrong
It's burning in my soul
I've had enoughWe're breaking all the rules tonight
There's no one who can tell me it's not right
There's no rules tonightI feel the pain
These empty days
I won't give up
'Till someone paysI just can't get enough
There ain't no backing off
I'm feeling free at last
It's time for kicking ass
