

# Unpredictable

[Keshia ChantÃ©](#)

Everything I do is for you,  
you're unpredictable but I still love you

Why you trippin', you were cool yesterday  
Is there something I can say to bring your smile back my way?  
Id say I'm sorry if I knew what I did wrong  
But I still carry on cause my feelings are so strong

What else can I do? (What can I do?)  
Do for you to prove (to prove)  
Prove that this is true  
I need to know 'cause

[Chorus]

Every time I think were all right,  
Why you gotta go and change your mind baby?  
Everything I do is for you,  
you're unpredictable but I still love you baby

Its so confusing, things always seemed okay  
When we couldn't stay away  
From each other for a day  
One minute you could make me feel so good  
Doing everything you could  
But today I wish you would

Why you gotta be? (Why you gotta be?)  
Buggin' out on me? (On me)  
won't you tell me please?  
I need to know 'cause

[Chorus]

Every time I think were all right  
Why you gotta go and change your mind baby  
Everything I do is for you  
You're unpredictable but I still love you baby

Thought I knew (I thought I knew)  
I'm so confused (I'm so confused)  
What's goin' on (what's been going on?)

Where did we go wrong (where did we go wrong baby!)

Every time I think were all right  
(Every time I think were all right baby)  
Why you gotta go and change your mind baby  
(Why you gotta go and change your mind)  
Everything I do is for you  
(Everything I do)  
you're unpredictable but I still love you baby  
(I still love you)

Every time I think were all right  
(Every time I think were all right baby)  
Why you gotta go and change your mind baby  
(Change your mind)  
Everything I do is for you  
(For you, For you)  
You're unpredictable but I still love you baby
