Innocent

Seveo

It seemed like, I had run out of second chances
And they sentenced me to die
And I was just like a dead man walking
I was running out of time
But You came to me and opened my eyes
And You gave to me a brand new life
And I am innocent and I have been set free
And I no longer have chains around my feet
Well and no matter where I go or what they say
I am innocent
Many years have passed since the day that I met You
But Your words are still the same
And every time I find myself with joy or sadness
I am calling out Your name
'Cause You came to me and opened my eyes
You gave to me a brand new life
And I am innocent and I have been set free
And I no longer have chains around my feet
Well and no matter where I go or what they say
I am innocent
Oh, I am innocent
Oh, I am innocent
Oh yes, I am innocent
And I am innocent and I have been set free
And I no longer have chains around my feet
Well and no matter where I go or what they say
I am innocent
And I have been set free
And I no longer have chains around my feet
Well and no matter where I go or what they say
I am innocent
