DayGlo

Iglu & Hartly

(Chorus)
They call me, Day glo, in the day I glo
They call me, night bright, in the night I light
All the corners of the streets with my eyesThey call me, Day glo, in the day I glo
They call me, Night bright, in the night I light
All the corners of the streets getting highThey call me
Day-glo
In the day I glow
They call me
Night bright
In the night I light
Up all the corners of the streets with my eyes
I got nothing to give, just a little tiny surprise
Now you only know the me
That doesnt think twice
Acting so cool and relaxed
Yea I seem so nice
Fuckin free like a bird
But I dont fly much
And I like how you like my touch
Now check it what.(Chorus)
They call me, Day glo, in the day I glo
They call me, night bright, in the night I light
All the corners of the streets with my eyesThey call me, Day glo, in the day I glo
They call me, Night bright, in the night I light
All the corners of the streets getting highSwing and swing
And take your hand
And put it on the rope and swing
Doesnt matter if you let it go
You wont feel anything
We cant be hurt or touched
We got a ray of light, were high, were flying
And shining up above the moon tonight
See Im melting like a man of snow
Or a snowman
Holdin cold hands
Take a little sip
But dont dance, ha
We cant be hurt or touched

We got a ray of light, were high, were flying
And shining up above the moon tonightChorus)
They call me, Day glo, in the day I glo
They call me, night bright, in the night I light
All the corners of the streets with my eyesThey call me, Day glo, in the day I glo
They call me, Night bright, in the night I light
All the corners of the streets getting high
