You're the One

Javier

Lately I've been feeling the pressure, babe
Of trying to find a way I could get ya, hey
Now normally I won't be the type to sweat ya
But when you're with me feels like a hundred degreesYeah, now every time we have conversations, babe
We seem to run into complications, hey
You keep talking 'bout both our situations
But all I really see is we both know what we needSo baby, let me tell youMany girls have come and gone
But through it all I know for sure
ThatYou're the one I want
You're the one I need
You're the one I want
You're the one I needMany girls have come and gone
But through it all I know for sure
ThatYou're the one I want
You're the one I need
You're the one I want
You're the one I needYou and I both know we can perfect, hey
We should give it a try 'cause it's worth it, babe
Come on stop playing 'cause you know damn well we deserve it
You need to stop fronting, you might just end up with nothing, yeah'Cause on the real your actions
Just don't make sense in me to go on
But you feel so you can kill your questions
The sea is deeper than the physical
More like the most spiritual, pitiful of our life timeGive, our love a tryMany girls have come and gone
But through it all I know for sure
ThatYou're the one I want
You're the one I need
You're the one I want
You're the one I needMany girls have come and gone
But through it all I know for sure
ThatYou're the one I want
You're the one I need
You're the one I want
You're the one I needWait a minute now, are you trying to fight me?
I really know you want me, babe
Tell me what you're so afraid of?
Scared you're gonna fall in loveDon't hesitate in letting good things slip away
Better act now before it be too late
Now act, don't play again, play myself

But as it's just that you give it a try so, babyBaby, give our love a try
Put your worries and your fears aside
Oh baby, give our love a try
Put your worries and your fears asideOh baby, give our love a try
Put your worries and your fears aside
Oh baby, give our love a try
Put your worries and your fears aside
