Sure

Logic 34

Sure, so sure
Sure, so sure
Feel it, move it, feel it, move back
Need you so much, yeah, yeah
Sure, so sure, so sure, that it's sweet love I found
Sitting here winnin' to my lover
Last time we met, I wasn't to sure
Now I'm hoping, maybe dreaming, for a life as one
When she reads this I'm hoping she'll call
I need more much, more than before
I need positive reactions, whenever I'm down
'Cause I'm sure, so sure
It's heaven knocking on my door
Sure, so sure, so baby come on inside
Need you so much, more and more each time we touch
Sure, so sure, so sure, that it's sweet love I found
It not a game, so don't play hard to get
Tired of running after you
There's no connections holding us down
Isn't it a shame, that it never happened, oh yeah
Though still here we are the seconds time round
It's gonna be social, compatible, sexual, irresistible
It's gotta be right for love
Now I'm sure, so sure
It's heaven knocking on my door
Sure, so sure, so baby come on inside, yeah
Need you so much, more and more each time we touch
Sure, so sure, so sure, that it's sweet love I found, yeah, yeah
Holdin', squeezin', touchin', teasin'
Wantin', wishin', waitin', thinkin'
Of your love, yeah yeah
Blindin', groovin', feel it, move it
Findin', breathin', bracin', breedin'
With you girl
It's gonna be social, compatible, sexual, irresistible
It's gotta be right for love
Sure, so sure, oh yeah
Sure, so sure, so baby come on inside
Need you so much, more and more each time we touch

Sure, so sure, so sure, that it's sweet love I found, yeah, yeah
Sure, so sure
Sure, so sure
Really feel so sure
I need you so much, yeah yeah, oh baby
Sure, so sure, that it's sweet love I found
