Diabolical

Rancid

One man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance
Come on!Man, Eddie told his friends and family
It's way too hot to stay
If I stay any longer, policeman gonna put me away
Well, Eddie took that train to Florida
That place was goin' down
Even though it was summertime
He froze in the County jailOne man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance
Let's do thisWell, it starts with a disagreement
Well, Eddie should have walked away
You see Eddie's picked this many times
He knows how this gonna play
Well his blood is up, and he raise his fist
And he'll convince yourself of your righteousness
Even though they can bear it and go
Eddie walks in like the violence rowOne man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance
Come on!One man gives an opinion
The other man takes offense

When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance
You see, when it comes to violence
It's a diabolical dance
Yeah, when it comes to violence
It's a diabolical dance
