AWOL

Darko

Burnt out, restless and tired
Slipped a gear, clutch plate burning red
Kick-start a revolution
By kicking sand in the eyes of the fakeSat here dreaming to the scream of the siren
Taking me of to the hospital
I gotta get it gotta get it all even
And re-shape this mould that isMe
Absent without leave
Without interest or understanding
Lets say, I wont be present for the time beingLiving in a reoccurring nightmare
Another day of filament daylight
Pray for our salvation
As our souls are torn apartWoke up screaming to the sound of the siren
Taking me off to the hospital
Now I get it, now I get it all even
If I cant re-shape this mould thatsMe
Absent without leave
Without interest or understanding
Lets say, I wont be present for the time being
Without interest or understanding
Leave my body and enter my mindMe
Absent without leave
Without interest or understanding
Lets say, I wont be present for the time being
Without interest or understanding
Never assuming what it takes
To leave my body and enter my mind
