Goodbye Colorado

Corb Lund

Goodbye Colorado, goodbye Arizon'
Goodbye Nevada, goodbye New Mexico
God bless the west and Texas yes you know I'll miss you so
But it's goodbye Colorado, boys I'm headed homeWell I've seen miles and miles of beautiful country
Friends I hate to leave
But those northern reaches beckon me
Even as we speakSo it's goodbye Colorado, goodbye Arizon'
Goodbye Nevada, goodbye New Mexico
God bless the west and Texas yes you know I'll miss you so
But it's goodbye Colorado, boys I'm headed homeWell I won't be comin' round much more
I bid you all farewell
Perhaps we may meet up again
On further down the trailWell it occurs to me before I go
I've one more stop to make
I have some time and after all
How long could one kiss take?Goodbye Colorado, goodbye Arizon'
Goodbye Nevada, goodbye New Mexico
God bless the west and Texas yes you know I'll miss you so
But it's goodbye Colorado, boys I'm headed home
