It Is No Secret

Mark Collie

People talk in whisper when you're not sure of the truth
Never caring about the damage they might do
All those little rumors hidden from the light of day
Have a way of sounding like they're true
But it's no secret I'm still in love with youToo many secrets in this town too many people going round
So I've come to you myself before you hear it somewhere else
The story going round this time is true
Telling lies and breaking us in two
It is no secret it is no secret I'm still in love with youThey say I'm going crazy well maybe that's a fact
Without you here I don't care if I do
They say I'll never be the same unless you take me backWell that's one rumor I'll admit is true
It is no secret I'm still in love with you
Too many secrets in this town
