

# It Is No Secret

## Mark Collie

People talk in whisper when you're not sure of the truth  
Never caring about the damage they might do  
All those little rumors hidden from the light of day  
Have a way of sounding like they're true

But it's no secret I'm still in love with you Too many secrets in this town too many people going round  
So I've come to you myself before you hear it somewhere else

The story going round this time is true  
Telling lies and breaking us in two

It is no secret it is no secret I'm still in love with you They say I'm going crazy well maybe that's a fact  
Without you here I don't care if I do

They say I'll never be the same unless you take me back Well that's one rumor I'll admit is true  
It is no secret I'm still in love with you  
Too many secrets in this town
