Fear Of Light

Dax Johnson

Evidence it's the air that you breathe all your illusions will have to go away here
Hold on till you're faceless, he'll fear the moment, she'll have the grace andShe won't cry for you anymore hide in your hideaways bleed for you, yeah
She found herself breathing broken glass, prepared for the world to pass
Hunting for the day
she was everything to you that day
she was everything to you, now she's nothing againBe folter if you wanna, all your confusions will hunt us don't desere co's it feels right
He'll have the moment, she'll fear the lightShe won't cry for you anymore hide in your hideaways bleed for you, yeah
She found herself breathing broken glass, prepared for the world to pass
Hunting for the day she was everything to you
That day she was everything to you, now she's nothing againShe's like a candle, a light to my way all through the day
She's like a candle, a light to my way all through the day
It's the fear of the light
the fear of the light
the fear of the light
the fear of the lightShe won't cry for you anymore hide in your hideaways bleed for you, yeah
She found herself breathing broken glass, prepared for the world to pass
Hunting for the day she was everything to you
That day she was everything to you, now she's nothing again
nothing againHeritage it's the air that you breathe all your illusions will have to go away
Hold on till you're faceless he'll fear the moment, she'll have the grace and
She won't cry for you anymore hide in your hideaways bleed for you, yeah
She found herself breathing broken glass, prepared for the world to pass
Hunting for the day
she was everything to you that day
she was everything to you, now she's nothing again
nothing again..
