

You and I

Wilco

You and I, we might be strangers
However close we get sometimes
It's like we never met But you and I, I think we can take it
All the good with the bad
Make something that no one else has but You and I, you and I Me and you, what can we do
When the words we use sometimes
Are misconstrued Well, I won't guess, what's coming next
I can't ever tell you
The deepest well I've ever fallen into Oh, I don't wanna know
Oh, I don't wanna know
Oh, I don't need to know
Everything about you Oh, I don't wanna know
And you, don't need to know
That much about me You and I, we might be strangers
However close we get sometimes
It's like we never met But you and I, I think we can take it
All the good with the bad
Make something that no one else has but You and I, you and I
You and I, you and I
You and I, you and I
You and I, you and I
