# Cadillac

## Raven Bishop

Getting hot and heavy.
We are in a trance.
You heat it up.
And the music's making it hotter.
Take your time.
We'll get to know each other.
Because in time we'll be doing it.
Getting with the heavy
Someday we'll say.CHORUS
We're in the cadillac.
Love shack baby.
Touch me in ways never before.
We're in the cadillac.
You're pushing it to go.
Making the car move.

Forget your body.
Forget everything.
Concentrate on time.
We'll go farther.
Someday in time.
We'll go fartherCHORUS
We're in the cadillac.
Love shack baby.
Touch me in ways never before.
We're in the cadillac.
You're pushing it to go.
Making the car move.
With our bodies incline.
