

# Blind as Night

## Team Me

Blind as nightPut me to sleep  
Take off all my clothes  
My body is burningwon't get far  
my body is burningI never learn when the fever runs high  
There's no place to hidebut at least I know  
what I wanna throw away  
Hey!Blind as night  
Nothing left to sayBlind as nightPut me to sleep  
Take off all my clothes  
my body is burningwon't get far  
this body is burningI toss and turn  
I never learn  
when the fever runs high  
there's no place to hidewhat I'm looking  
but I least I know  
what I wanna throw away  
There's no place to hide???  
what I'm looking for  
but at least I know  
what I wanna throw away
