I'd do anything

Debbie Byrne

I'd do anything for you
We've had our good times and bad
Baby, what is sad, I miss you girl
Oh, yes I do
Now that you're gone away
It's hard for me to say, I miss you girl
Oh, yes I do
I just want you to know
That the love I have is real
But girl I really want to show you how I feel
I'd do anything to be with you again
Just name the place and I will be there
Oh, tell me why can't I have the one I love
Just like the way it used to be
I miss you all of the time when you were mine
I miss the way it seemed so right
How could I let the girl I love
Slip right through my hands
I can't get you off my mind
I just want you to know
That the love I have is real
But girl I really want to show you how I feel
I'd do anything to be with you again
Just name the place and I will be there
Oh, tell me why can't I have the one I love
Just like the way it used to be
I just want to make you happy
I wanna make you understand
I need you for my girlfriend until the very end
Oh, I miss holding hands and playing games
I get chills when I hear your name
'Cuz I know, it'll never be the same
I'd do anything to be with you again
Just name the place and I will be there
Oh, tell me why can't I have the one I love
Just like the way it used to be
I'd do anything just to be with you
I'll tell you that I love you
If you want me to

Just call my name and I'll be there
To let you know how much I care
Oh, tell me why can't I have the one I love
Just like the way it used to be?
I'd do anything to be with you again
Just name the place and I will be there
Oh, tell me why can't I have the one I love
Just like the way it used to be
