

# Tattoos On This Town

Jason Aldean

There's still black marks on that county road,  
Where we drag raced our pick ups, and Mustangs  
And weathered on the summer rain  
And to this day up on that overpass,  
Even underneath the new paint,  
You can still see,  
"Allie will you marry me?" Take a ride, look around  
And there ain't no doubt It sure left it's mark on us, we sure left our mark on it  
We let the world know we were here, with everything we did  
We laid a lotta memories down, like tattoo's on this town There's still a rope burn on that old branch,  
That hangs over the river, I still got the scar  
From swinging out a little too far  
There ain't a corner of this hallowed ground,  
That we ain't laughed or cried on, it's where we loved,  
Lived and learned a lotta stuff  
It's everything we're made of It sure left it's mark on us, we sure left our mark on it  
We let the world know we were here, with everything we did  
We laid a lotta memories down, like tattoo's on this town  
Like tattoo's on this town Everywhere, it's where we are  
It gets me right, in my heart It sure left it's mark on us, we sure left our mark on it  
We let the world know we were here, with everything we did  
We laid a lotta memories down,  
But we'll always be hangin' round, like tattoo's on this town  
Like tattoo's on this town
