Reason To Be

Night Ranger

All of our lives we look through windows
Wondering if there's a chance we'll see
All of our ways and all of our footsteps
Are leading us back to our reason to be
They're leading us back to our reason to beI once was a lad with great expectations
Smiling and showing their future to me
And now I'm a man I see more than ever
You leading us back to our reason to be
You leading us back to our reason to beChorus:
Our reason to be
Our reason to be
Everybody's got to have a reason to be
A reason to be
Oh, oh, oh, oh
Come onOh, hundreds of lives and thousands of faces
Have been to the island
Where dreams don't come free
And now I suppose
I need more than want them
To lead us all back to our reason to be
To lead us all back to our reason to be(chorus)
Come on, come on, yeah(chorus)
Oh, oh, oh, oh, oh, ohAnd now I'm a man
I see more than ever
You're leading us back to our reason to be (x3)
